

NICHOLAS AIR®
— YOUR JET IS READY. —

OUR STORY

Founded in 1997 by Nicholas Correnti, **NICHOLAS AIR** started as a small aviation company focused on aircraft management and leasing. With a commitment to operating the industry's newest aircraft and delivering exceptional service, it rapidly established a strong reputation for excellence and reliability.

Correnti's passion for aviation started in his teens, becoming a skilled pilot with over 1,000 flight hours and setting a world record on his 16th birthday. His vision was clear: to make private aviation safer, more efficient, and customer-centric. Starting with a single Cessna 340, he took on every role—pilot, mechanic, and dispatcher—developing a deep understanding of the business to create a unique private air travel experience that is customer focused.

With a philosophy of providing the best aircraft, pilots, and service, **NICHOLAS AIR** continues to redefine private aviation with a focus on safety, efficiency, and unmatched customer care.

OUR MISSION

"To provide a highly personalized and unique private air travel experience. Making a difference in the lives of our Members by maintaining the highest safety and quality standards."

OUR PLANES. OUR PILOTS.

Its not just about the flight, its about the experience. With the youngest fleet in the industry, we maintain the highest standards of safety, performance, and reliability, ensuring your journey is seamless and stress-free.

Fly in unparalleled comfort and style aboard the Phenom 100, Citation CJ3+, Phenom 300E, Citation Latitude, Challenger 350, or Gulfstream G600.

Experience the pinnacle of private aviation with **NICHOLAS AIR**—where no detail is overlooked.

A close-up, low-angle shot of a jet engine on a private aircraft, showing the fan blades and the engine casing. The aircraft's wing and fuselage are visible in the foreground, and the background is a blurred sky.

WE TEND TO
THE DETAILS...

YOU FOCUS ON THE DESTINATION

We recognize the value of your time. As a **NICHOLAS AIR** Member, you'll have exclusive access to our fully owned fleet, offering a range of airframe options to perfectly match your needs for any mission.

Your dedicated Personal Travel Representatives manage every detail, delivering an effortless door to door travel experience from start to finish.

Fly smarter, faster, and with complete peace of mind—only with **NICHOLAS AIR**.

TIME IS THE MOST VALUABLE NON-RENEWABLE RESOURCE ON EARTH.

THE LATEST IN SAFETY & TECHNOLOGICAL ADVANCEMENTS

SAFETY FIRST. ALWAYS.

Safety and professionalism are at the core of what we do. Every pilot is a full-time employee, holding an FAA ATP License with an average of 7,500 flight hours, and completes rigorous bi-annual training at top-tier facilities like Flight Safety International and CAE.

As an ARGUS PLATINUM-rated and IS-BAO-registered operator with an accident-free record since 1997, safety is always our top priority. Our modern fleet, averaging just five years old, features cutting-edge aircraft and avionics, enabling higher, faster, and smoother flights. At **NICHOLAS AIR**, we combine advanced technology with an unwavering commitment to excellence.

PERSONALIZED
SERVICE,
ELEVATED
EXCELLENCE

PRE-BOARD

You'll quickly see that our team is your team. Every journey is tailored to your unique in-flight preferences, delivering a seamless and personalized experience.

Our commitment to excellence extends beyond the skies—every team member completes training at the Ritz-Carlton School of Service Excellence, ensuring no detail is overlooked. From booking to the warm planeside welcome, you'll enjoy unmatched care and attention.

Every flight feels effortless—because you deserve the best.

TIME TO
RAISE YOUR
EXPECTATIONS

PERSONALIZED

Fly on Your Terms—Every Journey, Tailored to You.

Experience the freedom to fly when you want, in the aircraft that fits your needs. Whether it's making it home for bedtime, attending multiple meetings, or arriving refreshed for an event, NICHOLAS AIR maximizes your time in the air and on the ground.

Our programs are designed for efficiency, value, and convenience, paired with the exceptional service you deserve. Every itinerary is unique, and every flight feels made just for you.

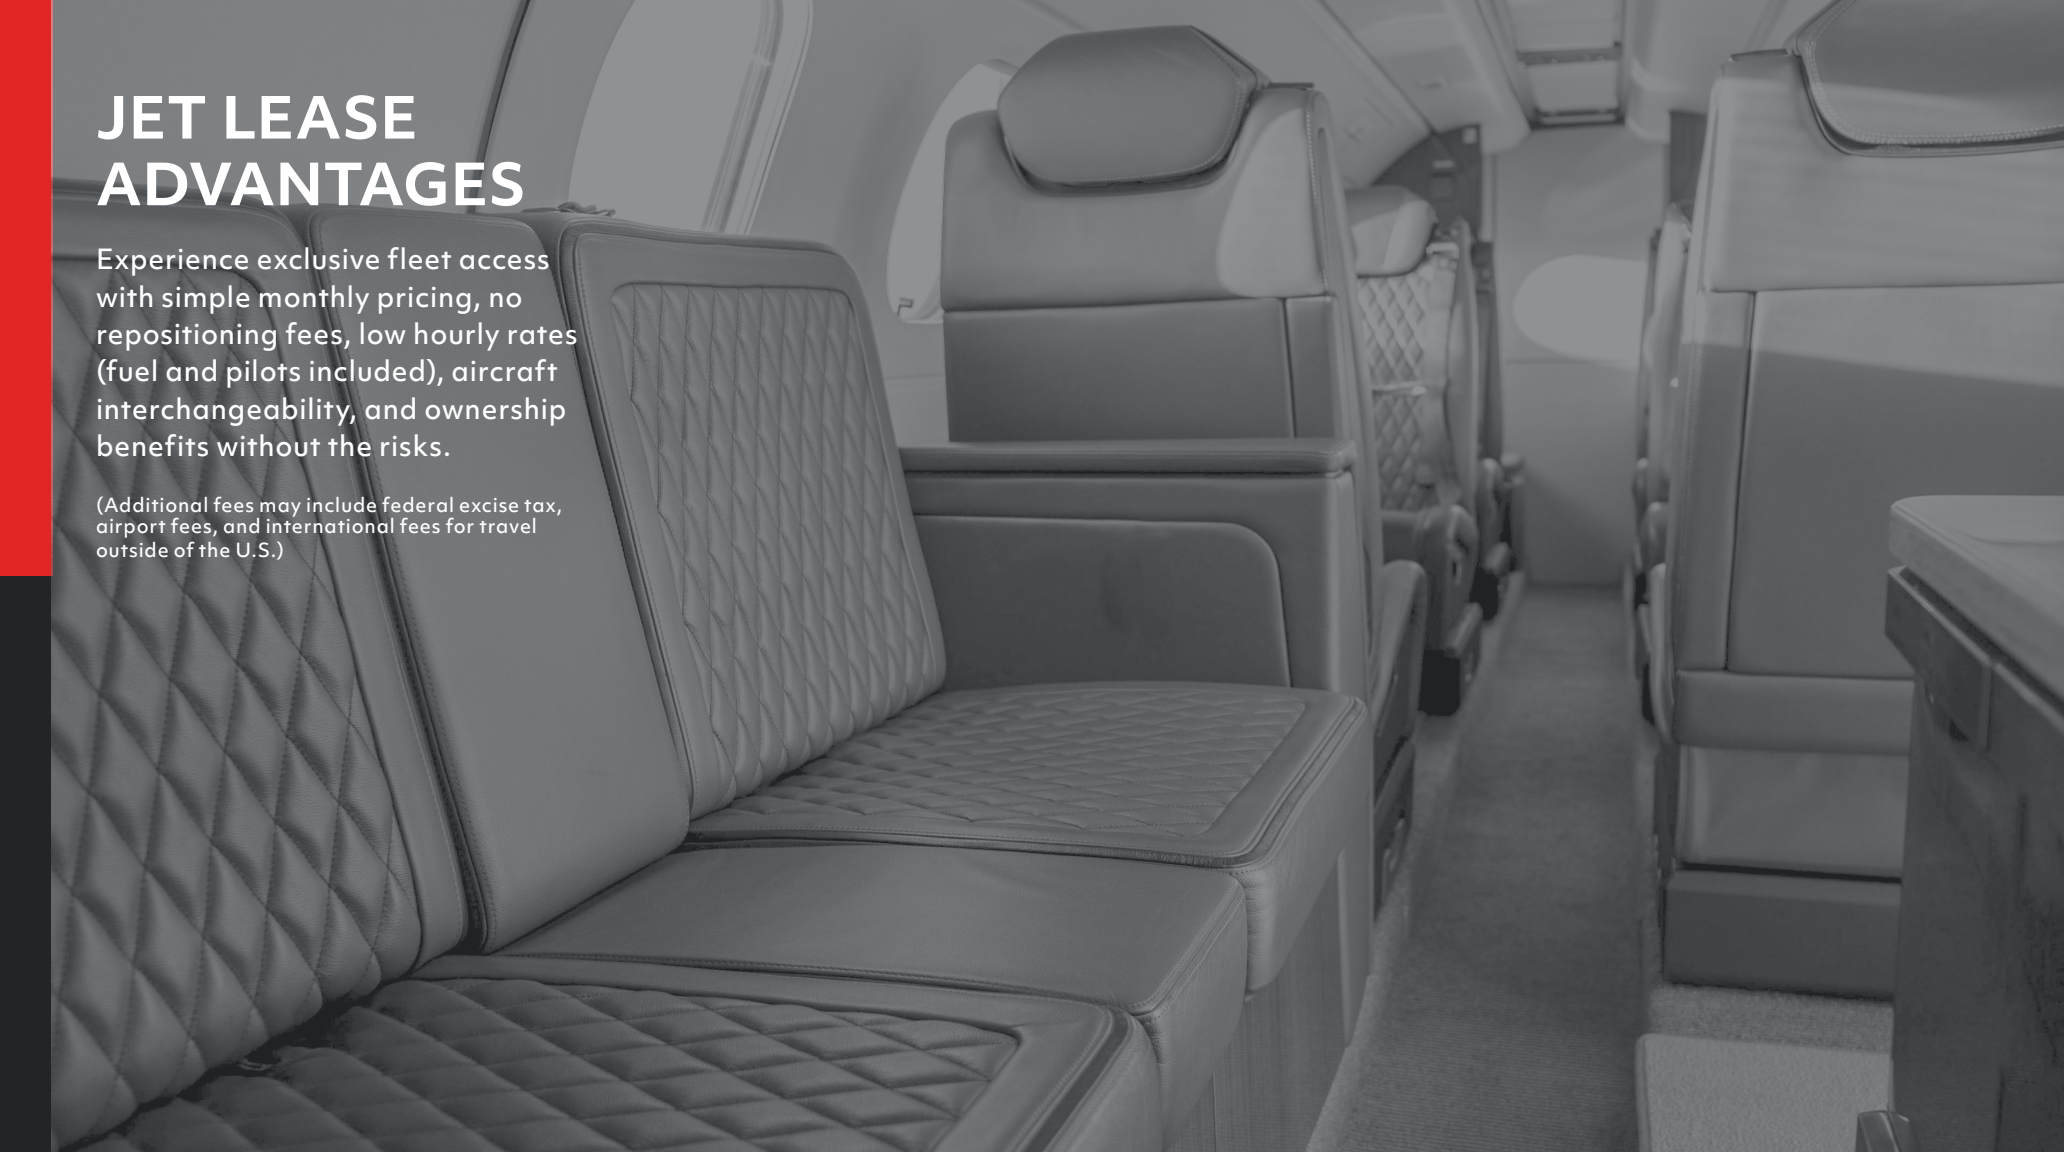

JET CARD ADVANTAGES

Enjoy a fixed hourly rate, no repositioning or membership fees, guaranteed availability, aircraft interchangeability, and the flexibility to replenish your jet card anytime—no long-term commitment required.

(Additional fees may include federal excise tax, airport fees, and international fees for travel outside of the U.S.)

JET CARD PROGRAMS

JET LEASE ADVANTAGES

Experience exclusive fleet access with simple monthly pricing, no repositioning fees, low hourly rates (fuel and pilots included), aircraft interchangeability, and ownership benefits without the risks.

(Additional fees may include federal excise tax, airport fees, and international fees for travel outside of the U.S.)

JET LEASE PROGRAMS

The Jet Lease program is ideal for more frequent fliers who prefer a monthly payment system with access to the entire fleet. A Jet Lease program offers the same benefits of fractional ownership without the upfront financial commitment of an asset.

FRACTIONAL ADVANTAGES

Access an exclusive fleet with a simple monthly fee, one-time acquisition cost, tax benefits, guaranteed availability 355 days a year, and fuel and pilots included—offered with flexible three- or five-year terms and no repositioning fees.

(Additional fees may include federal excise tax, airport fees, and international fees for travel outside of the U.S.)

FRACTIONAL OWNERSHIP

The **NICHOLAS AIR** offers greater flexibility at a fraction of the cost, without the hassles of aircraft ownership. Ideal for anyone who flies over 100 hours per year and desires the depreciation benefits of owning an asset.

AIRCRAFT MANAGEMENT

We handle risk management, crew recruitment, training, and administration, reduce operating costs, offer supplemental lift and revenue generation options, ensure regulatory compliance, safeguard privacy, optimize flight operations, manage maintenance and repairs, and provide comprehensive safety and emergency response plans.

AIRCRAFT MANAGEMENT

NICHOLAS AIR offers a seamless solution for whole aircraft ownership without the operational complexities. We handle everything from compliance to daily operations, including two certified pilots, fleet access at reduced rates, and full accounting management. Enjoy savings on fuel, insurance, and maintenance, while experiencing the freedom of ownership without the hassle.

EMBRAER PHENOM 100

State-Of-The-Art Glass Cockpit and Highly Integrated Avionics by Garmin
Interior Masterfully Designed by BMW®
Travels Up to 1,178 NM at a Cruise Speed of 467 MPH
Interior Cabin Height of 4 ft. 11 in.
Spacious Cabin with Seating for up to 5 Passengers

CITATION CJ3+

An Upgrade From the Phenom 100 Ideal for Both Short and Mid-Range Flights
Incredibly Reliable Without Sacrificing Productivity or Comfort
Travels Up to 2,040 NM at a Cruise Speed of 478 MPH
Interior Cabin Height of 4 ft. 9 in.
Spacious Cabin with Seating for up to 8 Passengers

EMBRAER PHENOM 300E

State-Of-The-Art Glass Cockpit and Highly Integrated Avionics by Garmin
Can take off from high-elevation, hot-temperature airports
Travels Up to 2,010 NM at a Cruise Speed of 533 MPH
Interior Cabin Height of 4 ft. 11 in.
Spacious Cabin with Seating for up to 9 Passengers

CITATION LATITUDE

High-powered turbofan engines enable quick, smooth cruising speed and altitude.
Travels Up to 2,700 NM at a Cruise Speed of 513 MPH
Interior Cabin Height of 6 ft.
Spacious Cabin with Seating for up to 9 Passengers

BOMBARDIER CHALLENGER 350

Trans-Continental Range for True Coast-to-Coast Capabilities
Executive Interior with 8 Adjustable Plush Leather Captain Chairs
Travels Up to 3,400 NM at a Cruise Speed of 548 MPH
Interior Cabin Height of 6 ft. 1 in.
Super Midsize Cabin with Seating for up to 9 Passengers

GULFSTREAM G600

Double zone cabin offering maximum space and privacy
Wide, panoramic windows for enhanced natural light
Global reach, with a flight range of nearly 6,600 NM at a Cruise Speed of 690 MPH
Designed as the quietest cabin in private aviation
